## Symphony Orchestra To Perform Tonight

Tonight is the opening performance of the College Symphony Orchestra at 8:15 in Concert Hall. Under the direction of Dr. Gibson Walters, professor of music, the concert will be repeated Wednesday night.

## Earthquake Hits Area

SAN FRANCISCO (UPI) — A fairly strong earthquake shook the San Francisco Bay Area Sunday night, but there were no reports of injuries or serious damage.

The tremor, measuring 5.3 on the Richter Scale, had the highest reading in the area since the 1957 quake, which injured 31 persons and caused several million dollars damage.

The 1957 shock measured 5.5, but struck sharply and touched off a series of shocks which continued for several days. Sunday night's tremor shook the earth gently for a few seconds and immediately subsided.

Police and fire department switchboards were swamped with calls in a 50-mile radius of San Francisco, but only the rattling of windows or dishes was reported.

Dr. Charles F. Richter, seismologist at the California Institute of Technology in Pasadena, reported his instruments recorded the quake at 6:47:40 p.m.

## Student Joins Peace Corps In Chile Task

Judd William Fuller, SJS graduate, will leave Monday for Chile with 36 other Peace Corps volunteers.

These volunteers will join the 250 Corps members now stationed in Chile at work in areas of rural and urban community development, physical education, university teaching, and establishment of co-operatives.

Volunteers will teach Chilean farmers techniques of modern agriculture, home economics and medicine.

Instruction will also be given in methods of sanitation, nutrition, construction, child care and health.

The volunteers trained for two months at Michigan State University and for two weeks at a field camp in Mexico. During the training period Spanish and techniques of community development were emphasized.

JUDD WILLIAM FULLER  
... assigned to Chile

## Six Posts Open

Interviews for posts on six sub-committees of the Inter-Cultural Steering Committee will be held today 1:30 to 4:30 p.m., and tomorrow 1:30 to 3:30 p.m. in the College Union.

The committee plans orientation of foreign students and the yearly International Week.

## Pianist Featured With Symphony

—Photo by Jon Lewis

JENNIFER JONES—pianist, will be one of the soloists in the College Symphony Orchestra's concert presented tonight and tomorrow night at 8:15 in Concert Hall. Dr. Gibson Walters, professor of music, is the orchestra's conductor. Student of John Delevoryas, associate professor

of music, Miss Jones will play Liszt's "Concerto No. 1 in E Flat Major for Piano and Orchestra." Miss Jones first performed the concerto publicly in 1961 with the Riverside Symphony Orchestra.

## Girl Gymnasts Integrate Body, Mind

## Finnish Coeds Visit SJS

By CAROLYN CLAU

Those who think beauty is only skin deep should take a long look at the 11 young lovelies who demonstrated Finnish gymnastics at SJS last night.

Not only did they exhibit truly meaningful movements, but exquisite grace, fantastic balance and admirable strength as well. The beauty of their gymnastics lay in the fact that their movements in-

volved total integration of the individual—joints, spine, muscles and mind.

The 12 girls, one of whom was unable to participate in the SJS demonstration due to an injury, have been in California since Oct. 15, performing at colleges and high schools in Los Angeles, San Diego, Pasadena, Riverside, and San Francisco.

Before their departure on Dec. 7,

they will also visit Palo Alto, Sacramento and Richmond.

Their tour is being sponsored by the Finnish government, the U.S. State Department and the California Department of Education.

The coeds, seniors at the University of Helsinki, were featured on three television programs—including Art Linkletter's House Party, taped for viewing Nov. 30.

The gymnasts, under the direction of Mrs. Elna Kopponen and Mrs. Kaarina Vasarla, were accompanied in their routines by the original compositions of Mrs. Marja Tarasti, pianist.

Dr. June V. McCann, head of the SJS physical education for women, observed that the Finnish coeds offered SJS students and faculty "an excellent example of what can be done with the person through movement with total integration."

—Photo by Jon Lewis

BEAUTY IS MORE THAN SKIN DEEP—The Finnish gymnasts pictured above demonstrate movement with ropes—one segment of their special SJS performance yesterday. The coeds, sponsored by the U.S. State Department, the Finnish Government and the California Department of Education, have been touring the state for the past month demonstrating and lecturing at various colleges and high schools and performing in 18 public appearances.

## World Wire

LAS VEGAS PLANE CRASH CLAIMS 29 LIVES

LAS VEGAS, Nev. (UPI)—The wreckage of a twin propeller Bonanza airliner was found scattered across a lonely desert mountain top yesterday. Ground crews said there were no survivors among the 29 persons aboard.

Sheriff's deputies said it was impossible to reach the mesa top with either four wheel drive vehicles or pack horses. Helicopters were landing on the mountain top and bringing the bodies down to the valley where motor vehicles transported them to nearby Arden, site of a temporary morgue.

The gleaming silver and white F27 had disappeared from radar screens during a blinding snowstorm Sunday night as it approached McCarran Field.

The shattered remains of the plane were spread over the peak about five miles southwest of the field.

## Student Hurt In Collision

The condition of an SJS freshman is reported improving after he was severely injured in an automobile accident early Saturday morning.

John B. Karigan, 313 Poplar Ave., Redwood City, was ejected from his car and a passenger in another car was injured when the two cars collided at the intersection of Taylor and 10th Sts. 12:25 a.m. Saturday.

Karigan is now in the intensive care unit of San Jose Hospital. His injuries include a concussion, multiple fractures, lacerations and shock.

The other driver was "F" Emery Adoradio, 15980 Alum Rock Ave. His wife, Gertrude R., was taken to San Jose Hospital after she received minor injuries.

Karigan's car was totally wrecked and Adoradio's car received major damage.

Karigan was driving north on 10th St. and Adoradio was driving east on Taylor when the two cars collided. There was a flashing red

## Meeting Features Positive Aspects Of Graduate Study

The Graduate Division Office and the SJS Graduate Studies Committee is holding a meeting for seniors and graduate students tomorrow night at 7:30 in E327.

The purpose of this meeting is to present to seniors a picture of the opportunities and advantages of graduate study either here or at another college or university.

Guest speaker of the meeting will be Robert Swenson, Cabrillo College, George A. Rathert, Jr., of the National Air and Space Administration's Ames Research Center, Dean Joseph M. Pettit of the College of Engineering, Stanford University, and Donald R. Ryan, assistant to the dean of students at SJS.

## 'Discrimination' Subject of Talk

Dr. H. Brett Melendy will discuss "Asiatic Discrimination" tomorrow morning at 10:30 in Concert Hall. Dr. Melendy is head of the history department at SJS.

The lecture will cover the time period from the days of the Gold Rush to about 1952, when legal discrimination against Asiatics came to an end, according to Dr. Melendy.

## Singers Approved For Bonfire Rally

An hour-long performance by the Chanteymen, a folk singing group, at Friday night's Bonfire Rally was approved yesterday afternoon by Student Council.

Council issued a policy statement endorsing a \$500 request from the Homecoming Committee to contract the special entertainment.

The Chanteymen are three young Fresno men who have appeared at local colleges, including Cal and

Stanford. They have also performed at the hungry i in San Francisco, according to publicity material.

The Bonfire Rally will last from 7-9 p.m. Friday night in parking lot two of the Santa Clara County Fairgrounds, 10th Street and Tully Road.

If it rains Friday night, Bonfire Rally Committee has arranged for the rally to be held in the men's gymnasium, which seats around 2,200 people.

This is the second year that rally entertainment has been scheduled. Last year the ASB paid \$300 to the Wayfarers for a 15-minute performance.

Bob Pisano, ASB president, called the special council session, the first of the semester.

Near the end of the short session, John Bruckman, sophomore representative, asked Pisano to comment on "rumblings" concerning timing of Saturday afternoon's Homecoming parade in downtown San Jose.

Pisano referred the question to Jerry Engles, ASB information officer, who declared that the 1 p.m. time of the parade is a result of a compromise between downtown merchants and the Homecoming Committee.

Merchants wanted a morning parade that wouldn't interfere with peak afternoon shopping crowds, Engles explained.

The committee, however, wanted an afternoon parade that would attract more spectators, and a 1 p.m. compromise was finally reached.

## Berkeley Sets Up 'Token' Tables

BERKELEY (UPI) — Student rebels set up "token" tables for political activity at the University of California yesterday, thus continuing their defiance of University regulations.

Meantime, the students worked on petitions for presentation to the Board of Regents, which meets in Berkeley, Thursday and Friday. University President Clark Kerr says he also will present a report to the regents on the administration's view of the dispute.

The students have been protesting the university's restrictions on campus solicitation of members and funds for political activities.

No demonstrations are planned for the regents' meetings, a student spokesman said.

## Photo Prof For 22 Years Dies in Spain

Word reached SJS yesterday of the death in Majorca, Spain, of George E. Stone, 75, associate professor emeritus of photography at SJS for 22 years. He died Nov. 14. His death was caused by a coronary attack.

Professor Stone was born in Annadale, Minn., Feb. 21, 1889.

GEORGE E. STONE  
... dies in Spain

He was graduated from the University of California at Berkeley in 1916 with an A.B., and in 1916 he earned his M.A. from the same school.

When he came to SJS in 1934, photography was part of the chemistry course. He developed and expanded the photography program.

He left SJS in 1956 because of his wife's ill health. They went to Mexico for a brief time, then moved to Majorca. They

He will be buried in Calagamba, Majorca beside his wife, who died earlier this year.

—Photo by Nick Pavloff

A HAPPY QUEEN—Mary Blomquist holds roses and the trophy of royalty after being crowned 1964 Homecoming Queen at the Coronation Ball Friday night. Mary will assist in preliminary judging of downtown merchants' window displays today, will attend the grand marshal's

banquet tomorrow night, and will help in final judging of window displays Thursday. She will appear at the Bonfire Rally, Santa Clara County Fairgrounds, Friday night, and the parade and game on Saturday.

## Question Man

### General Charges Soviet Threat Is Undiminished

PARIS (UPI) — Allied Supreme Commander Gen. Lyman L. Lemnitzer said Monday the Soviet military threat to the West remains undiminished.

Before the 10th annual conference of NATO parliamentarians, he said some of the NATO members were withdrawing parts of their forces, failing to keep them up to full strength and slashing their draft service. As a result, the capabilities of the Allied forces in Europe are reduced, he said.

Although he considers the Soviet threat undiminished, he said, "in my opinion, our strength has been a major factor in achieving and maintaining the stability which exists today."

Lemnitzer made no reference to the dispute between the United States and President Charles de Gaulle over the Allied multilateral nuclear force MLF which has divided the alliance.

However, NATO Secretary General Manlio Brosio of Italy admitted the divergence over the force among NATO countries "goes very deep."

In criticizing the reduction of some Allied forces, Lemnitzer named no country.

Britain recently withdrew some of its Rhine army units for use in Southeast Asia. Its total strength now is only about 50,000, compared with a scheduled strength of 55,000. Britain also ended conscription several years ago.

France has slashed conscription from 27 to 16 months and withdrawn from NATO command all but two divisions in Germany, a number of air force tactical squadrons and three submarines.

### U.C. Demonstrations

By CAROLYN CHASE

*Do you think the University of California students participating in the Free-Speech Movement demonstrations are justified in their cause?*

**Frank DeGrey, senior, conservation**

I don't understand the issue too well. From friends of mine who live up there, it is only the minority that is making the fuss, it isn't the majority. Everyone is entitled to free speech, but that is not all that is behind this.

**Mark Zimmerman, senior, accounting**

If they believe in the cause they are advocating, it's their constitutional right to demonstrate. However, it is my impression that the bulk of the demonstrators are demonstrating just for the sake of demonstrating.

**Kitty Mueeting, freshman, sociology**

No, I don't because I think there should be certain rules a college should have. Give them an inch and they will take a mile.

**Dianne Lockwood, freshman, history**

I think they have certain rights they should stand up for even the administration is against. The students should demonstrate but not openly, to change the rule.

**Laurie Deua, freshman, psychology**

Their general fight is good but the way they go about it is bad. They are expecting too much of the administration and they already have enough freedom.

**Ron Sykora, senior, marketing**

They should go to the administration first by peaceful means. They can work something out by different committees. Rebelling doesn't show anything except that they want attention.

**Phillip Low, graduate psychology**

There is no use in analyzing it in terms of a moral question. It is a matter of control. If they can control the situation, that is, achieve their ends without incurring any losses, then in that sense they are justified.

**Judy Lewy, sophomore, sociology**

Yes, they should because it brings attention to the problem. At a university, they should be able to say what they feel. Ignoring the problem is no way to solve it.

**Judy Dokken, freshman, psychology**

I think that Cal is one of the most liberal campuses and it is notorious for demonstrations. The eight students who were kicked out should stay off the campus, the faculty isn't enforcing it.

**Pat Sonntag, senior, sociology**

Yes, it is freedom of speech. They are a lot more active in Cal about how they feel. This campus is too passive, the students here don't seem to care about major issues. That is why Cal is a higher institution, students can demonstrate.

**Dennis Dillehay, freshman, art**

It can go either way. If you have a conviction you should stick to it, but there are so many people demonstrating who don't know why they're doing it.

### Thrust and Parry

#### Students Smear Sports Scribe

Editor:

In past weeks we have watched with delight the development of Sports Editor Dave Payne into a real, live prognosticator.

In the weekly guessing column, Dave has done reasonably well and currently is right in the middle of the five-man race. But he couldn't be satisfied with simply sticking to the weekly box. Some three Thursdays now, Payne has tried to pick the exact score of several games, and has added his opinion as to why his team will win. An example—Fresno State at UOP—"This could be a good game since both teams are pretty sad." (UOP was 47 points sadder.)

This we can take. We wouldn't even complain about the fact that the first time he pulled this, several of his picks changed between Thursday and Friday. If you are going by what Dave said, for example, Oregon State and Syracuse should have edged each other.

Yes, we can put up with all this. But Thursday, Dave really went out on the limb, and we can't let him get away with this one. Throwing caution to the winds, Dave came out of left field with:

"Place your bets, people, the second Cassius Clay-Sonny Liston farce is growing near."

"The two will meet in Boston Monday night."

#### Writer Objects To Travel Feature

Editor:

The ethnocentrism evidenced by our vagabond kings (Spartan Daily, Nov. 14) was regrettable. The Daily's decision to feature their opinions, especially those referring to the Indian people, was unfortunate. The article served only to demonstrate that travel often broadens nothing more than the traveller's ego.

James Young

ASB 14349

#### Atheist Ad Brings More Comment

Editor:

On Thursday, Nov. 12, Gregory Gibbs and Allan Brainerd decided that the Contemporary Christians ads are "not injurious to any one group including atheists." My disagreement with this comment cannot be stated too strongly.

Christianity can and has been used to belittle the accomplishments of man and deter further progress toward man's control over nature. An example of this rigidity can be found in the Contemporary Christians on Campus ad of Nov. 12: "Your acknowledgment of Christ as Lord will make it... quite unnecessary for you to seek answers outside the resources of Christ in you, which God gives freely to all those who seek Him."

Rather than letting any dogma determine mankind's avenues of exploration, let us inquire into all subject matters which will extend man's control over nature and abolish man's (and God's) control over man.

# Rugged Air Force Battles Booters

As Al Korbus goes Thursday night so will go the Spartan soccer team's chances against the Air Force Academy.

The NCAA Far Western championship game will begin at 8 o'clock at Spartan Stadium. It will

pit one of the nation's top offensive clubs, San Jose, against the rugged Falcons, who also boast a top scorer.

Korbus has kicked 22 goals this season, while co-captain Efiok Akpan has rifled 12 into the nets.

The Air Force, however, will match its rugged play with a strong offense sparked by inside right, Jim Thames. He has kicked 13 goals and is being pushed for all-American.

The Falcons bottled up Korbus

without a goal in their first meeting this year when the two teams battled to 3-3 tie.

The cadets will again attempt to keep Korbus' talented toe from finding the range. If they succeed, as few teams have done, it will be a tight contest.

Coach Julie Menendez' Spartans tuned up for Thursday's encounter with a 3-3 tie Friday night at Spartan Stadium against Stanford University in the league finale.

Week-long rain made the turf in poor condition and hampered both offenses. Korbus kicked in a goal with 1:11 remaining to play to tie the score up and send the game into overtime. Neither team scored in two extra periods of play.

Mendez says SJS students will be charged \$1 admission to the title match. Adults will be admitted for \$1.50. Part of the admission revenue will be used to finance the Nov. 28 airplane trip to St. Louis, Mo., for the winner of the match.

## Third in Tourney

# Poloists Top Stanford

Sparked by the performance of its reserve members, the San Jose State water polo team captured third place in the Northern California Water Polo Tournament at Stanford last weekend.

The Spartans defeated the University of Pacific, 10-1, and lost to the Olympic Club 11-7, Friday. In Saturday's competition, the watermen lost to Foothill Junior College, 11-4, and defeated Stanford 3-2.

SJS' third place finish in the tournament is creditable considering the Olympic Club is the best non-collegiate team in the nation. Foothill is the best junior college team in the nation, and Stanford was the best collegiate team in the nation last year.

The watermen, having defeated Stanford twice in three encounters this season, are now second in the nation in collegiate rankings.

San Jose State will face Long Beach State, No. 1 collegiate team

in the nation, this weekend. The victor will be considered National Collegiate champion.

Spartan Coach Lee Walton played his reserves the entire game against UOP so his first team members could rest for the important final game against Stanford. The first team members experienced foul difficulty throughout the tournament, however, and the second team members were called upon to salvage the win over Stanford.

The reserve members responsible for both of the Spartan victories in the tournament were Ray Arveson, Chuck Cadigan, Kevin Currilin, Tom Eldridge, Mike Fagg, Joe Gotelli, Jeff Logan, Lou Tully, All Kelly, and Dave Thompson.

## Oh-Oh!

SJS has two football games remaining, both at home, against Fresno State and San Diego State. Both future opponents were victorious Saturday.

### You're Standing Before God

Standing at the end of every human life is a holy and righteous God who "judges the secrets of man by Jesus Christ". (Romans 2:16). The Holy One of Israel waits to ask each one of us what we have done about His Son, the Lord Jesus who died that we might have forgiveness of sin and eternal life.

"For God sent not His Son into the world to condemn the world, but that the world through Him might be saved. He who believes on Him (Christ) is not condemned; he who does not believe in Him is condemned already, because he has not believed in the name of the only begotten Son of God. And this is the judgment, the condemnation, that light is come into the world, and men loved darkness rather than light because their deeds were evil. For everyone who does evil hates the light, and does not come to the light lest his deeds should be exposed. But he who does what is true comes to the light, that it may be clearly seen that his deeds have been wrought in God". (John 3:17-21).

It is not that God stands ready to condemn, but that men are condemned already! It is, in fact, true that men prefer darkness to the saving Light. "There is none who seeks God," Romans 3:10 tells us! The unique claim of Christianity above and beyond any and all claims made by other religions is that Jesus Christ (God Himself) entered this world from another realm to save men from themselves. Unless you have met Jesus Christ on a personal basis, you can't realize the incredible blindness and deception which exists in man's hearts and minds. But you can know Jesus and you can join in prayer with those who do, praying as Paul did 2,000 years ago:

"... we have not ceased to pray for you, asking that you may be filled with the knowledge of His will in all spiritual wisdom and understanding, to lead a life worthy of the Lord, fully pleasing to Him, bearing fruit in every good work and increasing in the knowledge of Him. May you be strengthened with all power, according to His glorious might, for all endurance and patience with joy, giving thanks to the Father, who has qualified us to share in the inheritance of the saints in light. He has delivered us from the dominion of darkness and transferred us to the kingdom of His beloved Son, in whom we have redemption, the forgiveness of sins." (Colossians 1:9-14).

## Sports Day Won By SJS Women

The SJS Women's Extramural Hockey Team arose victorious in Saturday's sports day at Stanford University.

The SJS team won all three of their games, beating Stanford's number two team 2-0, Mills College 4-0 and San Francisco State 1-0.

They'll tackle San Francisco State again Friday at 4:30 p.m. on the women's hockey field.

### PROF WRITES FOR GOLF MAG

Jerry Vroom, associate professor of physical education at SJS, had an article published in the October issue of "Golf Digest," entitled, "You'll Hear From Us—Lotz," regarding the Lotz brothers' entry into professional golf.

## Federal Featherbeds

Economist Northcote Parkinson's satirical "first law" says in effect that numbers of people in administrative groups multiply at a known pace, without relation to the work performed—if any!

There can be no doubt that federal bureaus and agencies supply hundreds of examples to prove his point. Parkinson's law is the only explanation for the Congressional practice of setting up new agencies to do jobs duplicating the efforts of existing bureaus. And it supplies a clue to the reason why a federal bureau to regulate the production of wooden wing supports for World War I airplanes was still in existence ten years after World War II. Year after year, this agency was appropriated \$100,000 for its work.

In the constant search for funds to support mushrooming government, many "temporary" tax laws are passed, but few are eliminated. In 1960, combined commercial airlines earned a net profit of about two cents on each ticket sold. Tax payments, including a "temporary" tax applied during World War II to discourage air travel, amounted to more than four dollars per ticket!

The surest way to socialism is the current practice of constantly adding to government responsibility for the welfare of the people. We would do well to remember Grover Cleveland's message to Congress vetoing a welfare bill: "... it is not the function of government to support the people."
